

# Do your employees need more training?

Nassau BOCES Adult Career and Educational Services (ACES) Evening Program can help your industry.

## **Electrical**

- Increase knowledge of the trade and review the National Electric Code

## **Welding**

- Prepare for and take the AWS and NCCER Certification Exams

## **HVRAC/Oil Burner Repairmen**

- Become EPA and NORA certified

## **Medical Fields**

- Receive hands-on training and prepare for AAAHP Certification for Phlebotomy, Medical Assisting and/or EKG

## **Computers/Telecommunications**

- Earn C-Tech Cabling or A+ Certification
- Learn or enhance MS Office skills

## **Auto Industry**

- Log additional hours and review towards ASE Certifications

We will work with you to develop a customized training program that meets your company's specific needs. Find out how our experienced instructors can provide your employees with the leading edge in industry training—whether that means a refresher course or new certification.
